

Board Certified Behavior Analyst (BCBA) (Maui)

Seeking Board Certified Behavior Analyst (BCBA)

For full-time employee position with Galler Rimm Behavioral Health Services, Inc (GRBH)

www.GallerRimm.com

Our small but growing grassroots organization aims to promote meaningful changes for individuals and families that are consistent with their cultural practices and beliefs and which improve their quality of life. We take pride in our outcomes as well as in creating a safe and stimulating place for our employees to feel valued and encouraged to grow in the field of ABA.

Job Description:

We are seeking a board-certified behavior analyst with experience working with autistic children/young adults and their families.

Immediate openings are available in our expanding upcountry Maui behavioral Health practice. There are many opportunities to broaden your skills while working with a Developmental/Behavioral Pediatrician and a Child, Adolescent, and Adult Psychiatrist

GRBH offers:

- Full-time employee position with employee benefits
- Starting salary between \$90-\$100k, depending on experience and credentials
- Relocation fee of up to \$10,000
- Other performance incentives
- Employee benefits including
 - fully paid medical insurance including dental, vision, and chiropractic
 - paid holidays, PTO, and paid time off for CE's
 - Worker's Comp, Temporary Disability Insurance, Unemployment insurance
- Full time case load with time for paperwork and drive time
- All billing, scheduling, and other office related needs
- Paid materials and/or reimbursement relevant to clients' programs
- Direct access to and support from experienced behavioral/developmental pediatrician and child psychiatrist via weekly briefing sessions and clinical team meetings
- Ongoing professional growth opportunities with paid time off for CE's

Required Education, Certification, and Experience:

- Master's Degree or above
- BCBA, BCBA-D
- At least one-year experience working with ABA and autistic children and their families

Position Qualifications:

- Certified BCBA or BCBA-D
- Must obtain Hawaii behavior analyst license prior to start date
- Must have thorough knowledge of and experience working with Applied Behavior Analysis (ABA)
- Strong assessment and organizational skills
- Ability to work collaboratively while also working independently
- Desire to collaborate with team members
- Solid communication skills
- Solid technology skills
- Reliable transportation and willingness to commute up to at least 30 miles
- Ability to lift up to 25 pounds
- Ability to pass state and federal background checks
- Your own malpractice insurance

Position Duties:

- Conduct functional assessments
- Design and implement treatment plans
- Provide direct services to clients and their families
- Submit required documentation for prior authorizations required by insurance companies
- Monitor treatment progress
- Assist with team member training, mentoring, and supervision
- Collaborate and communicate with client's family, caregivers and other service providers as appropriate
- Meet with clinical staff regularly
- Regularly update and maintain progress notes, data, and any other reports or notes
- Attend regularly scheduled clinical meetings
- Adhere to ethical standards in HIPPA and BCBA code of ethics
